

DIFFERENCE MAKING WHILE DISTANCE LEARNING

HORIZON CHRISTIAN ELEMENTARY & MIDDLE SCHOOL

LIVE DAILY INSTRUCTION

Live daily teaching is offered in age appropriate instruction. Kindergarten students have the least amount of screen time minutes but also have a home visit and playdate each week with their teacher. Elementary students enjoy a few hours each day on line as well as afternoon reading groups and tutorials. Middle school students have 20 hours a week of live teaching.

ON CAMPUS OPPORTUNITIES

All students have the opportunity to be on campus for a few hours a week, giving them a much needed opportunity for socialization and connection with the teacher.

SMILE

Teachers wear face shields when students are on campus so that smiles and enunciation are very clear!

SPECIALIST TEACHERS

Specialist teachers visit cohort groups on campus as well as create live and recorded challenges in the area of fitness, art, music, and computer literacy.

SOCIAL DISTANCING

Social distancing is encouraged with pool noodles, helicopter arms, and other age appropriate strategies.

SANITIZED & PROTECTED

The school has been stocked with water bottle filling stations, PPE, hand sanitizing stations, disposable masks and classroom supplies of hand sanitizing equipment.

Each weekday evening our custodial team uses electrostatic sprayers to fog, sanitize, and disinfect every shared space.

CLASSROOMS & SUPPLIES

Specialist rooms have become classrooms so that we can accommodate the greatest number of students on our campus.

Teachers have worked overtime to create classrooms that are welcoming and lively yet are without soft textiles and shared resources.

Every room has been measured and the maximum number of desks placed in each class room.

Students do not share supplies and teachers provide individualized necessities.

MAILBOXES

Fourteen mailboxes have been planted on campus so that grade level classes walk to a fun surprise each week when they're on campus AND parents have a way of dropping off belongings without going into the office.

HIGHER GROUND

Higher Ground, a wooded area above our gymnasium, has been stocked with a bin of camping stools so that classes can hike up there and enjoy reading, science or art and breathe fresh air.

BATHROOMS

All bathrooms have been designated for grade-level groups, with very specific signage on the door and hand washing instruction signs posted in each restroom.
